

# Professional Bi-Phase Oil

[ALL YOU NEED TO KNOW]

## The « How-to ».

It's a patented bi-phase oil that repairs 2 years of damage in one use\*. Apply on wet hair as last step of your haircare routine, or on dry hair as retouch for 3-day anti frizz and 100 hours of shine\*\*. Suitable for all hairtypes.

## The Gesture.

Shake the bottle well before use! This blends the two phases into tiny droplets for simultaneous repair of the cortex and cuticle, maximising the oil's effectiveness.

## The Science.

Unlike traditional oils that usually act only on the surface, this bi-phase oil consists of 2 phases that repairs from the inside out.

Phase 1: Aqueous phase with peptides bonder and 5 amino acids that penetrates hair at the molecular level to repair 2 years of damage\*.

Phase 2: Concentrated oil to repair lipidic barrier with a lightweight finish for 100 hours of shine and 3-days anti-frizz\*\*.
